

THOMAS BARKER-HARLAND

CAPTAIN/CREW

PROFILE

Having grown up on and around sailing boats in Antigua, I am now perusing my passion for the ocean and sailing by making it my career.

I have been working offshore on the NZ commercial fleet for last 10 years as crew/cook, I am now looking to captain a charter vessel or smaller private yacht. With my extensive hospitality experience, engineering qualification and a problem-solving, can-do attitude, I offer everything an owner/ charter guest is looking for. I have the upmost respect for the ocean and enjoy all it has to offer in, under and above.
